**Zach Rice Announces Candidacy For Indiana House of Representatives**

HENDRICKS COUNTY, IN – Zach Rice filed his declaration of candidacy yesterday, with the clear intention of seeking the Republican nomination for the Indiana House of Representatives in 2008.

“I am taking this step because these times call for a common sense, people focused, and innovative leadership approach in the Indiana General Assembly. The people of District 40 are tired of business as usual and are searching for true representation at the Statehouse,” said Mr. Rice. “I believe I am the person to provide that representation. Our community faces many challenges, along with tremendous opportunities.”

Zach Rice has devoted more than a decade to participating in the legislative process, policies, and development of our community and state, including experience in both State Agencies and the State Legislature as well as involvement in several local, state, and federal campaigns.

“Our community is looking for an opportunity to support a candidate that has political experience without being politically influenced,” added Mr. Rice. “I am providing District 40 a clear choice to support a candidate that will put their concerns ahead of any other political agenda.”
